\*In the case of the Computer Science Doctoral School:

Publications: max. 50 points

Q1 journal = CORE A\* or CORE A conference

Q2 journal = CORE B conference

Q3-Q4 journal = CORE C conference

A book chapter cannot be a conference publication!

*Conference participation* : 0 points

\*\*For the Doctoral School of Mathematics:

For professional materials, the order of authorship is not taken into account: applicants should always list their materials under the line of first author (publication, book chapter, conference presentation).

The number of authors is taken into account when scoring: publications with up to three authors are worth 10 points, others 8 points.

\*\*\*Patent = Co-authored Q1-Q2 publication (5 points/piece)
