About the Faculty

At the Faculty of Health Sciences and Social Studies, our efforts are aimed to train professionals who have the highest European standards of theoretical and practical knowledge and thus are able to carry out the work of health promotion, rehabilitation and the instigation of integration of the various social groups and communities on a high level.

For several decades, our Faculty has been training nurses, physiotherapists and social workers and nowadays dental hygienists.

Our programs consist of different supervised clinical placements for developing professional skills. Being practice-oriented professions the practical courses take place in small groups. During the study time students have the opportunity to get acquainted with special complex therapeutic methods.

Services of the Faculty for International Students

The institute provides dormitory accommodation in Béke utcai Kollégium in the heart of Szeged, close to everything and in Madzsar József Dormitory, in a quiet suburb area, close to the Liget park, the Sports Hall and the Napfényfürdő Aquapolis Szeged.

One of the main goals of the Faculty is to support the students in all areas of their lives.

We operate student services. For example, the Student Information and Consulting Office (HAITI). It provides significant assistance in supporting students in study or private crisis situations. Three colleagues provide life guidance counselling. The head of the office regularly teaches methodology courses, which also helps students in progressing.
