SZTE UNIVERSITY
OF SZEGED

ABOUT OUR UNIVERSITY

The University of Szeged (SZTE) is one of the most popular universities of Hungary, occupying high places in all the international rankings. The number of its academic research and teaching staff reaches 2300 teaching and training up to 25 000 students. It has been considered for years as one of the world's best 500 universities and it is known as a green institution. It offers a broad range of educational opportunities to home and foreign students. The University of Szeged is committed to helping students to make the most of their talents and abilities. Research, Development and Innovation activities of the institution are acknowledged internationally and the University is in partnership with numerous industrial enterprises and companies such as the ELI-ALPS Laser Research Centre, one of the largest scientific investments in Europe. Located in southern Hungary, the University of Szeged is a leading workshop of education, science, research, innovation and it has a crucial role in the region's cultural, social and economic activities.
